

Back to school, back to Priestley!

You have been a Superhero and stayed at home.

You stayed in your house most of the time apart from daily exercise or shopping.

You did all your learning at home.

You kept to the social distancing rules and kept your distance from others.

You sneezed into your elbows.

You washed your hands with soap for 20 seconds or you sung “Happy Birthday” as you washed your hands.

You used tissues to wipe your noses and you put them in the bin!

You even stopped seeing your friends and family who didn’t live with you.

Guess What!

Less people are getting Coronavrius now!

You did an **AWESOME** job!

You should feel really proud of yourselves for helping to fight the Coronavirus!

You are true superheroes!

You deserve a round of applause! Give yourself a clap now!

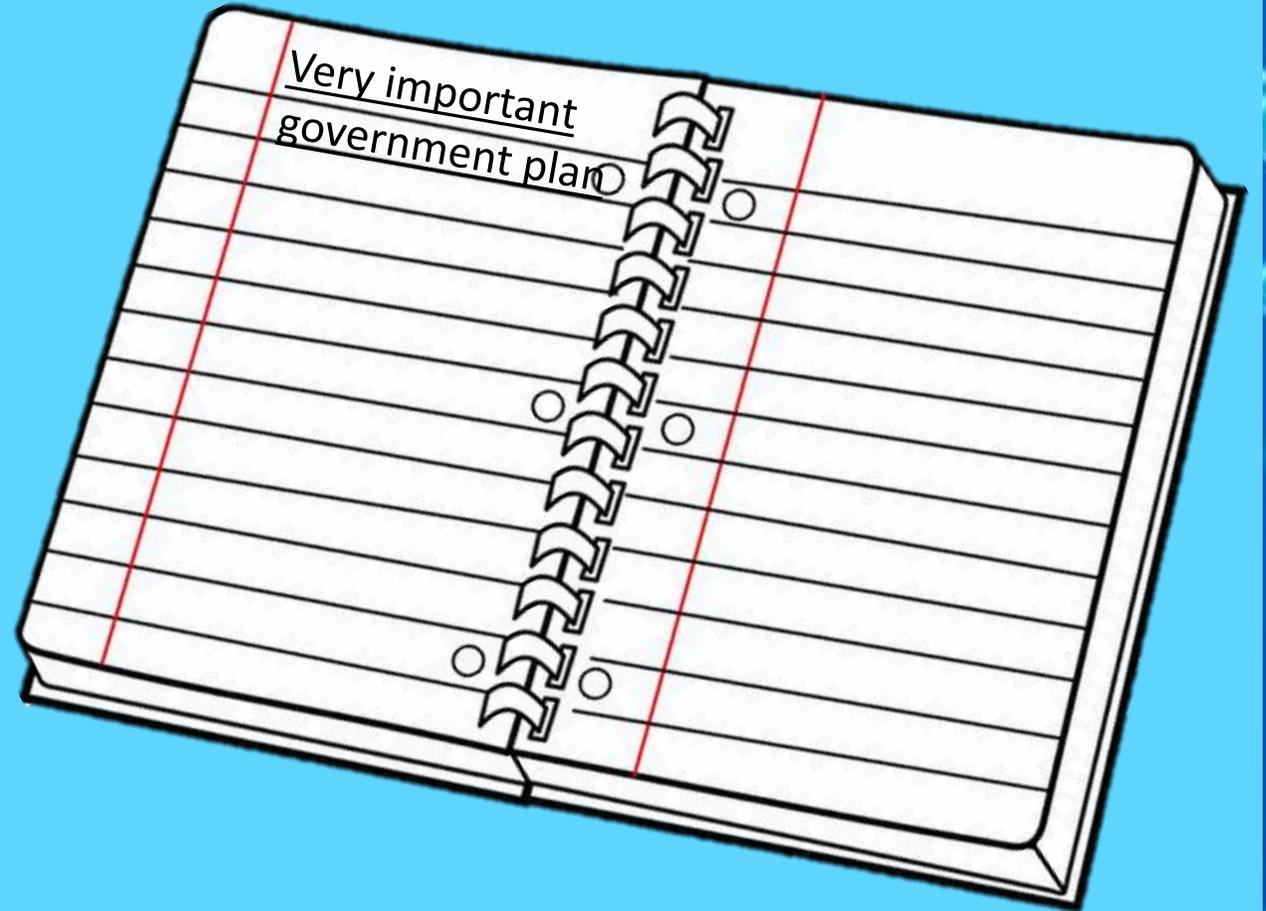

Spikey is so proud of you!

Our Government want to get things back to normal.

They have a plan. A plan is a list of things that need to be done to make sure everyone stays safe.

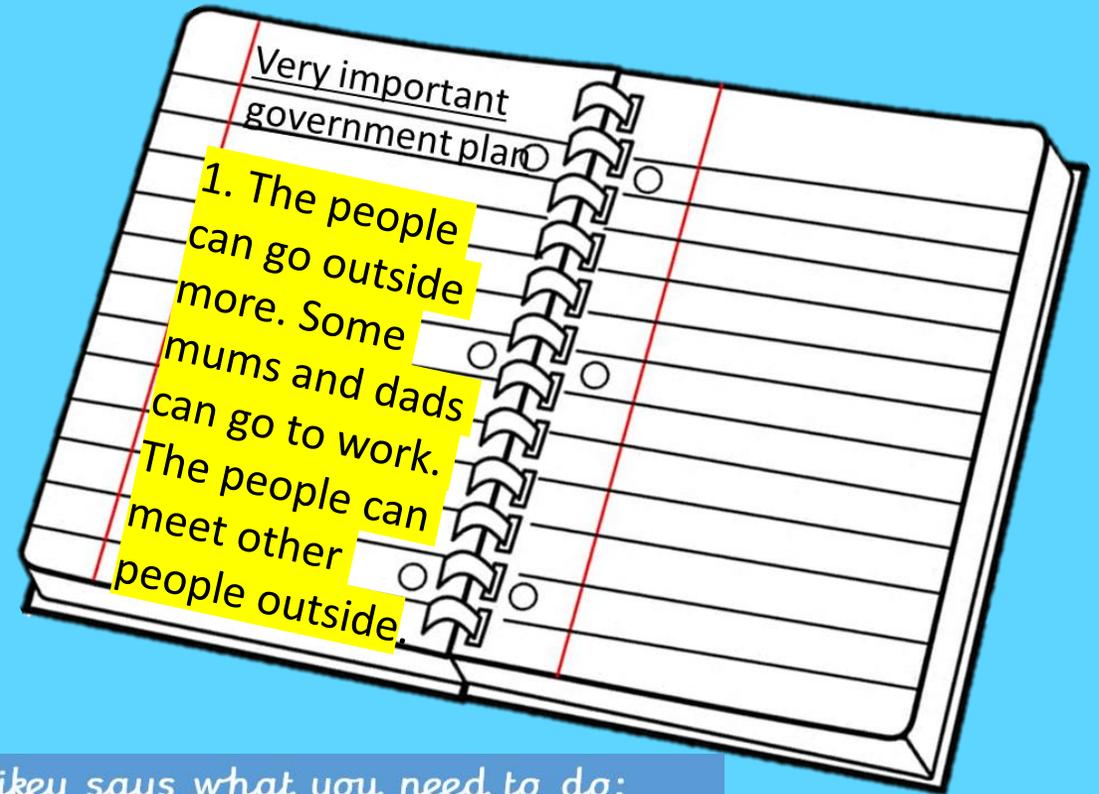

EVERYONE MUST follow the plan.

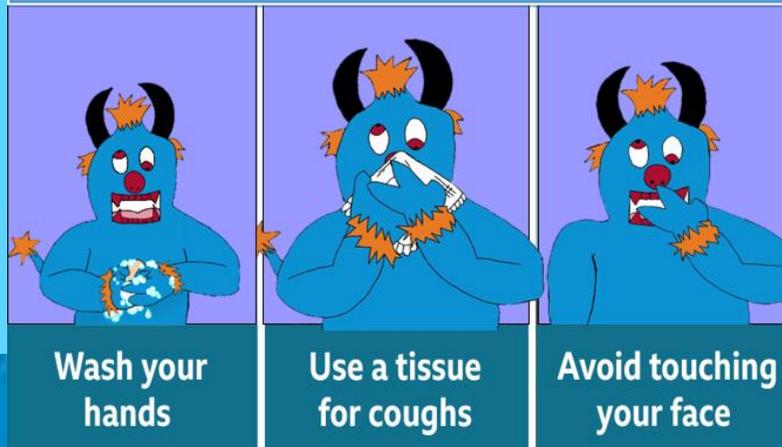

To get back to normal, everything needs to be done a little bit at a time.

You might have noticed that you are allowed outside more now. You might have noticed that your mum and dad might be going to work now. You might have noticed you can meet some people you know outside of your house, providing you keep your distance.

It is important that everyone sticks to the plan. We don't want LOTS of people getting sick again. If people don't stick to the plan then that might happen.

Spikey says what you need to do:

Wash your hands

Use a tissue for coughs

Avoid touching your face

Number 2 on that plan is that...

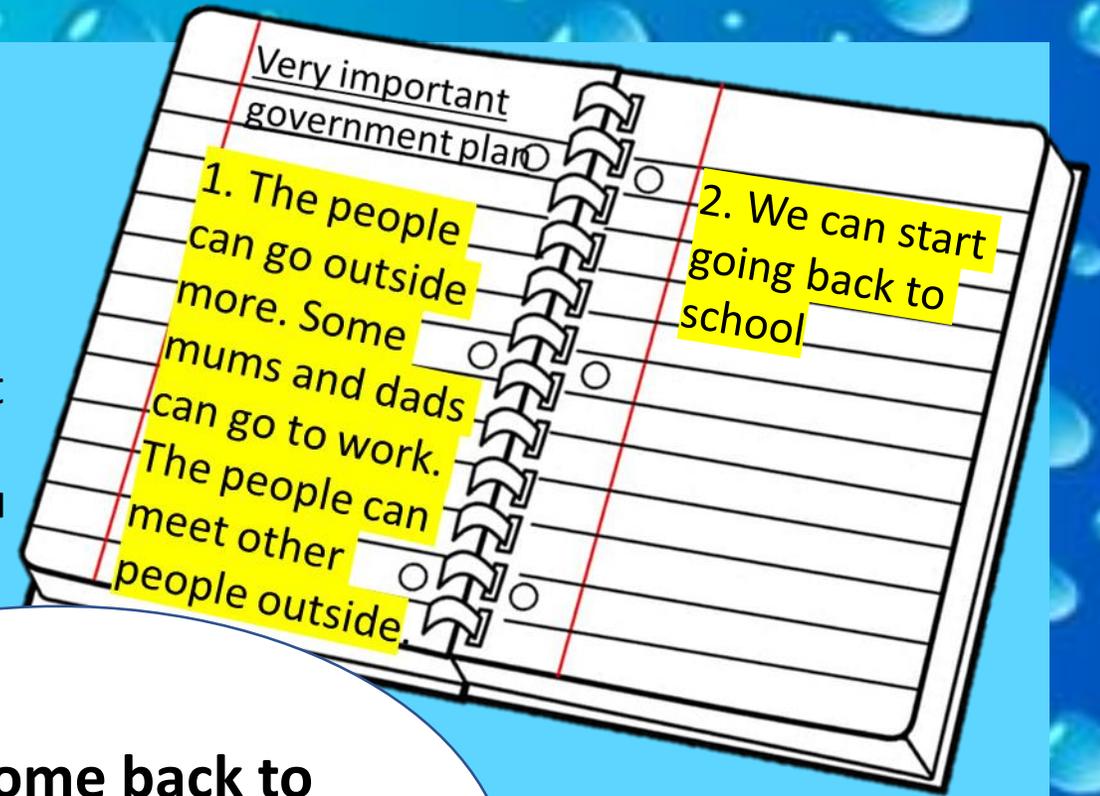

CHILDREN CAN GO BACK TO SCHOOL!

Our very important scientists think that it is safe now for children to go back to school. You couldn't all come back at once. That would be too much because remember a plan is about doing a little bit at a time. But it's now safe for you to come back.

You can come back to school!

It is safe for you now!

YOU can come back!

How does that feel?

You might feel worried, excited, happy, sad, scared, angry, shocked or something else?

But do you know what? That is ok!

All feelings are ok. If you have big feelings then there will always be someone at school that can help you and make you feel better and safe. Your teachers are really good at that. They can help you feel better if you talk to them.

You can talk to us!

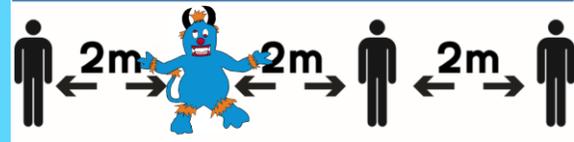

When you come back to school, some things will be the same and some things will be different. Your teachers will tell you more about that. They are working hard to make your school SAFE. Here are a few things that will be different.

You will be taught in bubbles (not bubbles that you blow with bubble mixture) but this means groups of children. You will have been taught in groups before so it isn't THAT different.

You will be taught and spend time in school with a group of children and one or two more of the adults from the school. It might be your teacher now but it might be another teacher. This will be your bubble!

Your friends might be in another bubble and you won't be able to play with them. That might make you feel a bit sad but it won't be forever! You can still wave at them or smile at them.

**SPIKEY SAYS
SOCIAL DISTANCE !**

**Please keep
2 metres away from others**

Keep your distance.

Your teachers will tell you **MORE** about what might be different in your school.

You just need to remember what you were doing at home to stay safe, you will do similar things in school to stay safe.

Your teachers have organised lots of exciting things for you to do at school.

Most importantly it will be **FUN!**

So **REMEMBER** you are in the SUPERHERO team and you are going to continue to fight this virus!

Be proud of yourselves.

You have done a brilliant job so far!

The school staff can't wait to see you again and welcome you back to school.

They have MISSED you so much!

See you soon!

**I can't wait to see you
in September!**
